NUMBER 82

Barker Hart Missing Since Yesterday

Barker Hart, 14 year old son of Mr. and Mrs. A. S. Hart, has been missing from his home here since early yesterday morning, and all efforts to locate the boy have so far failed. He spent Sunday night with a young friend here in town, leaving yesterday morning before breakfast, and has not been seen since. It was learned through a local garage man, that young Hart had purchased oil and gasoline late Sunday afternoon, and that together with the fact that the boy's car is missing, the police are led to believe that he may be in Cincinnati or Louisville. Telephone and telegraph lines have been busy all night and today in an effort to find him, and Chief of Police Tipton, who is at work on the case hopes to hear something definite from the missing body today. A number of theories have been advanced regarding the boys disappearance, and many think that he might have been kid-napped and is being held for ransom, as his father is known to be a very wealthy land owner.

L. B. Ringold, formerly a prosperous clothing merchant of this city, was here Sunday the guest of Mr. and Mrs. Jno. Walsh. Mr. Ringold left this city in 1884, going to Burlington, Iowa, where he owns and operates a mammoth clothing concern and continues to prosper. This was his first visit to Mt. Sterling since he disposed of his business to the firm of Walsh Bros., in 1884. It was under Mr. Ringold that Mr. Walsh got his early schooling in the clothing business and the success made by him speaks volumes for Mr. Ringold as a leader in the clothing business. Although well up in his sixties Mr. Ringold is as young in his ways as a boy in his teens, and was warmly greeted by his old friends in Mt. Sterling. Mr. Ringold had been to Frankfort to attend the funeral of his brother and stopped over in Mt. Sterling to renew old acquaintances. He was much impressed with the many improvements made in Mt. Sterling and stated that he would always have a warm place in his heart for the old town that gave him his start toward a successful business career.

The Fair Was A Record Breaker

The Montgomery County Fair came to a close Saturday afternoon after the most successful meeting ever held by the Association. Immense crowds attended each day and the show rings and racing contests were most interesting. The midway was the largest and best ever seen here and was largely patronized. The Floral Hall proved quite an interesting feature and a complete list of the winners in this department will appear in Thursday's issue. There were not as many harness races this year as usual due to some differences between the owners and the Association, but there were plenty of runners, and the lovers of the thoroughbred had their inning.

The fair was a decided success from every view point and the officers are highly elated over its success and are already planning for an improved exhibition for next year.

Following is the list of winners in the show ring:

PURCHASES APARTMENT

Many Local People Now Flying

An aeroplane belonging to the Cincinnati Aircraft Co., arrived in this city Friday in charge of Pilot Kenneth Leonard and Mechanic R. G. Owen. All day Sunday and Monday local people were eagerly awaiting their turn for a trip through the air, and up to Monday night about 40 citizens had made a flight through the air at a speed of from 80 to 100 miles per hour. The price of \$15 for 15 minutes seems to be considered quite reasonable by Mt. Sterling people judging by the number that are making flights. Included in the number have been quite a few women, and the altitude record is held by Miss Anna B. Pinney who went 3,000 feet in the air, while the stunt record is held by Miss Elizabeth Clay Highland. The presence of the machine here has created much interest and a local landing field is being contemplated by Mt. Sterling enthusiasts. It is probable a club will be organized here, a machine bought and a local field established and put on the Curtis and Government maps. If this move materializes machines will stop in our city quite frequently and will likely become headquarters in this section for aviators. Stock in the Cincinnati Airplane Company is being offered for sale by Charlie McCabe who has a limited number of shares which he is offering at par. The Messrs. Leonard and Owen will probably remain in Mt. Sterling for several days, at least until they have accommodated all those who desire to take a spin through the air at a speed of from 80 to 100 miles per hour. Mr. Leonard was formerly in the government service and is considered an expert pilot and some of the stunts he does are indeed remarkable. The machine he is driving is a 90 horse power Curtis and consumes from 8 to 10 gallons of gasoline per hour. The aircraft industry is undoubtedly in its infancy and we confidently believe in less than a score of years aeroplanes will be as common as automobiles are today. Rapid strides are being made in the perfection of flying machines and the U. S. Government will shortly award contracts for the carrying of mails by aeroplanes to many parts of the United States. There is already an aerial mail service between New York and Chicago which is said to be giving entire satisfaction, not a single trip having been missed for months, regardless of weather conditions.

In our opinion it would be a wise move for Mt. Sterling to organize a club and provide a landing field. We believe it would do much toward putting our city on the map—at least, it is being carefully considered by interested parties.

RECOVERS STOLEN CAR

Chief of Police J. C. Tipton yesterday recovered a Ford car, stolen about three weeks ago at Salem, Ind. The car had been taken by Foster Collier from his grandfather, Newton Boyles, and brought to this city where it was sold to Robert Turley of Stepstone for \$250. Collier is a deserter from the army and will be tried on that charge as well as on the charge of stealing an automobile.

He has made his home in New York for many years, where he has made wonderful success in the practice of law. A high toned Southern gentleman of pleasing personality, he occupies a prominent place in social circles of Mt. Sterling and also in his adopted home.

His bride, a charming and cultured Eastern girl, is well known and very popular. She has frequently visited in the homes of Mrs. George R. Snyder and Mrs. Henry P. Reid and has made many warm friends here.

Mr. and Mrs. Reid are now at Saratoga, N. Y., where they will spend their honeymoon, returning to New York September first to make their home in that city.

Interesting Letter From Chairman C. A. Hardin

A letter received from Hon. Chas. A. Hardin, Chairman of the Kentucky Democratic State Central and Executive Committees, by the officers of the First Cox and Roosevelt Campaign Club of Kentucky, recently organized at a meeting of Montgomery county Democrats in Mt. Sterling, warmly commends the Club for its early activities:

"The enthusiasm and quick action of your Club," writes Chairman Hardin, "is not only a fine thing for your county but has heartened the Democrats all over the state. I find out from headquarters that the interest since the nomination of the Democratic ticket, has spread all over the state, and the outlook is fine. I wish to thank you, in behalf of the constituted authorities of the Democratic party in Kentucky, for your prompt and telling work in the first county Democratic organization in the state and to commend the work in every way."

Miss Emma Lee Young is sick at the home of her sister, Mrs. John H. Blount.

An Aged, Upright Citizen Passes

Saturday morning at 9:00 o'clock William Chessley Glover entered on his reward, after having been critically ill about three weeks. Deceased was born in Bath county on October 17, 18", where he grew to manhood and lived as a farmer and stock raiser until three years ago when he came to this city.

In December, 1871 he was married to Miss Margaret Gillon, of Owingsville, who with four daughters, Mrs. Michael Howard, Mrs. W. D. Craig, Miss Mary C. Glover, of this county; Miss Frances Glover, of Cincinnati, and one son, J. W. Glover, of Catlettsburg, survive him, and were at his bedside when the end came. Mr. Glover was a faithful, consistent member of the Catholic church. Services will be held at the church Monday morning at 10:00 o'clock, conducted by the Rev. Father Kolb, after which the remains were buried in St. Thomas cemetery.

Mr. Glover had lived to a ripe old age, had been an active and most excellent citizen and witnessed the results of a model life of which his children furnish praise worthy testimony. Always interested in public affairs he had a reason that actuated every act and with a desire to lead the people politically he would have done it well. His mind was clear until a few hours before the end came and asked to be advised relative to all passing events. With a record of four score and almost seven years he entered on rest peacefully with a faith in Him who saves.
